40 Watts of Stereo Surround Sound TruSurround XT® technology

Built-in Whiteboard: All the traditional capabilities and features of a Digital Whiteboard built in. (810 ONLY)

Adjustable Arm:
For screen image sizes from 50 to 85 inches diagonal

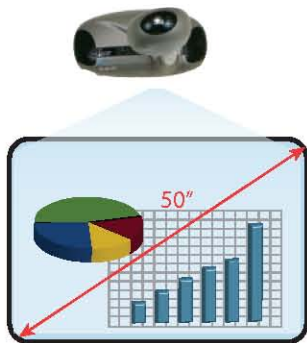

Vikuiti™ Super Close Projection: Virtually eliminates distracting shadows

From classrooms to boardrooms, briefing rooms and beyond, the new 3M™ Digital Media System 800 Series with Vikuiti™ Super Close Projection delivers memorable presentations. These wall-mounted systems project from above on a blank wall, screen or interactive whiteboard from a very short distance, virtually eliminating shadows and making it easier to interact with the projected image. The Digital Media System 800 Series allows for flexibility in room layout and opens up space, eliminating the need for carts or tables to hold equipment. The Digital Media System 810 can turn almost any surface into a digital whiteboard or large interactive computer display.

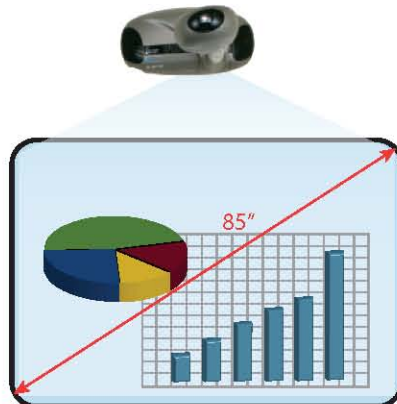

Space Saving Technology

Provides flexibility in room layout and opens up space, eliminating the need for carts or tables to hold projectors.

Minimum

Maximum

Ideal for Digital Whiteboards, Dry Erase Boards and Screens

Connections

Computer

- 1 – VGA
- 1 – DVI-I /A (Analog/Digital)
- 2 – 3.5 mm Stereo Mini Jack
