

Universal and Premium Wall Screens

Quickly ready with a stop at any position

Universal Wall Screen

- Ready for use in one easy step thanks to the proven spring-loaded rolldown principle
- Steplessly variable format selection
- Can be wall or ceiling mounted
- Square sheet-steel casing in a modern design, cross-section approx. 6.8 x 6.8 cm or 8 x 8 cm with a screen width of 244 cm
- Casing colour: white

PremiumWall Screen

Same as Universal except for:

- **NEW:** Retraction of the projection surface with slow-return effect, i.e. the projection surface rolls up slowly and soundlessly
- Particularly high-quality projection
- surface on a woven base
- 3 cm black border in 1:1 format (244 cm: 5 cm border)
- Also available in 4:3 and 16:9 formats with black border

Screen surface for Universal & Premium Wall Screens

- Front projection, **type D**
- DIN 19045 gain factor, approx. 1.2
- Matt white, woven fabric base

- Back: black, opaque

Accessory: Wall Spacer, lenght infinitely adjustable up to 55 cm, code No. 8585WW8910
